I can make a perfect picture from a voice
Her serenity oozed into my ear
It didn't take long for her to know me, and I knew it felt
good
"Pick me up and use me, pick me up and use me"
She was saying, she she

You are nothing
You are nothing without me
You are nothing
You are nothing without me

If I am taken
You think that you can live again
But you are nothing
You are nothing without me

You know I'm here for you, right here for you
See I am the punished one
She, she took all the glory
She took everything, everything I had to give
Sucking it out of me

But I am always gonna be here
Because I am the punished one
She took everything
She took all the glory, everything I had to give
Sucking it out of me
Sucking it out of me
Sucking it out of me

You are nothing
You are nothing without me
You are nothing
You are nothing without me

If I am taken
You think that you can live again
But you are nothing
You are nothing without me

Without me, you're nothing

Without me, you're nothing
