You never go
You're always here (suffocating me)
Under my skin
I cannot run away
Fading slowly

I give it all to you
Let go of me
Reaching as I fall
I know it's already over now,
Nothing left to lose
Nothing you undid
I know it's already over, already over now

My best defense, running from you
I can't resist, take all you want from me
Breaking slowly

I give it all to you
Let go of me
Reaching as I fall
I know it's already over now
Nothing left to lose
Nothing you undid

It's already over, already over now
You're what I reach for (when I fall)
It's already over
All I'm reaching for
It's already over now

I give it all to you
I offered up my soul
It's already over, already over now
I give it all to you

Let go of me
Reaching as I fall
I know it's already over now
Nothing left to lose
Nothing you undid

I know it's already over now
It's already over now
I know it's already over, already over
