It's been a year, filled with problems,
But now you're here, almost as if to solve them;
And I can't live another day without you now.

This is the best thing, the best thing that could be
happening. And I think you would agree the best thing
is that it's happening to you and me.

All I wanna have is all that you can give me, and I'll give
right back, everything I kept in me. Cuz nothin ever felt
as good as this does right now. I'll go back to before we
met, try and erase the past, try harder to forget cuz
nothing ever felt as right as here and now.

This is the best thing, the best thing that could be
happening. And I think you would agree the best thing
is that it's happening to you and me. The best thing, the
best thing that could be happening. And I think you
would agree the best thing is that it's happening to you
and me.

Always knew (I'd find someone) But never dreamt (it'd
be like this) Cuz you've surpassed all that I've hoped
for in every wish. And I'm trying, so hard, with all my
heart and mind, to make your life as good as you've
made mine.

This is the best thing, the best thing that could be
happening. And I think you would agree the best thing
is that it's happening to you and me. The best thing, the
best thing that could be happening and I think you
would agree the best thing is that it's happening to you
and me. The best thing, The best thing that could be
happening. And i think you would agree the best thing
is that it's happening.....to me.
