(Verse)

We deceive the world with lies we hide
Behind the smiles we can see the home of desperate
hearts
The truth is falling down
The illusion we've become
A fear we can't outrun
We're closing in our emptiness
We're broken

(Chorus)

You alone
You can see right through this glass house we call
home
You alone
You can take away the pain
Yeah, you have shown
You can break right through this glass house of our
souls
Make us whole again
Make us whole

(Verse)

We fight to cover up the scars
From our charade there's a war between who we are
Until we make believe
It's over now
We're falling

(Chorus)

You alone
You can see right through this glass house we call
home
You alone
You can take away the pain
Yeah, you have shown
You can break right through this glass house of our
souls
Make us whole again
Make us whole

Iâ€™m running to escape the walls that trapped this heart
in
The door is open, please come save me
Never want to hide behind the scars that Iâ€™ve become
That Iâ€™ve become

(Chorus)

Because you alone
You can take away the pain
Yeah, you have shown
You can find a way to change
You alone
You can see right through this glass house of our souls
Make us whole again
Make us whole

Make us whole again
