"Hold Me Now"

Fall asleep to dreams of home
Where the waves are crashing
The only place I've ever known
Now the future has me

I see the fire in the sky
See it all around me
I said the past is dead
The life I had is gone

Said I won't give up
Until I see the sun

Hold me now
'Til the fear is leaving
I am barely breathing

(Pause)

Waking up and letting go
To the sound of angels
Am I alive or just a ghost?
Haunted by my sorrows

Hope is slipping through my hands
Gravity is taking hold
I said I'm not afraid
That I'm brave enough

I will not give up
Until I see the sun

Hold me now
'Til the fear is leaving
I am barely breathing

Crying out
These tired wings are falling
I need you to catch me

As I burn

As I break
I can't take it anymore

I return to the place where
The water covers over everything
Rescue me somehow

Hold me now
'Til the fear is leaving
I am barely breathing

Crying out
These tired wings are falling
I need you to catch me

Hold me now
'Til the fear is leaving
I am barely breathing
