Tell yourself its over now  
Try to kill a broken vow  
If only you could find the strength  
To kill the memories  
These empty pages never turn  
You lit the flame and let them burn  
You tried to bury me so deep  
But what will lie beneath?

Will your hope die alone?  
Will you feed on your own?  
Can you just turn away and let me go?

Lie to me  
You can feel  
That this love was never real  
Walk away  
You can learn to love again

Lie to me  
You can leave  
I'll still be here when you see  
You're not alone  
You don't have to run again  
Leave me in denial

All your secrets crawl inside  
You keep them safe, you let them hide  
You feel them drinking in your pain to kill the memories  
So close your eyes and let it hurt  
The voice inside begins to stir  
Are you reminded of all you used to be?

Can you just turn away and let me go?

Lie to me  
You can feel

That this love was never real  
Walk away  
You can learn to love again

Lie to me  
Watch me bleed  
Cause I'll still be here when you see  
You're not alone  
You don't have to run again  
Leave me in denial

All the pain you fed  
Starts to grow inside  
It lives again and you can't let it die  
So believe you'll never find  
A reason to love again

Lie to me  
And watch me bleed  
I'll be here when you see  
You're not alone  
You don't need to run

Lie to me  
Watch me bleed  
Cause I'll still be here when you see  
You're not alone  
You don't have to run again  
Leave me in denial

You can learn to love again  
Leave me in denial  
You can learn to love again  
Leave me in denial
