Slowly fading away  
You're lost and so afraid  
Where is the hope In a world so cold?  
Looking for a distant light  
Someone who can save a life  
Living in fear that no one will hear your cries

(Come and save me now)  
I am with you  
I will carry you through it all  
I won't leave you  
I will catch you  
When you feel like letting go  
'Cause you're not  
You're not alone

Your heart is full of broken dreams  
Just a fading memory  
And everything's gone  
But the pain carries on  
Lost in the rain again  
When will it ever end?  
It's Hard to believe  
It seems so out of reach

But I  
(I am here)  
I am with you  
I will carry you through it all  
I won't leave you  
I will catch you

When you feel like letting go  
'Cause you're not  
You're not alone

And I will be your hope  
When you feel like it's over  
And i will pick you up  
When your whole world shatters  
When you're finally in my arms  
Look up and see love as a face

I am with you  
I will carry you through it all  
I won't leave you  
I will catch you  
When you feel like letting go  
'Cause you're not  
You're not alone

And I will be your hope  
You're not alone  
And I will pick you up  
And i will be your hope

Slowly fading away  
Lost and so afraid  
Where is the hope in a world so cold?
