Knocked off my feet  
The earth moved beneath  
The edge of a dream and a nightmare

Open the door  
Fell through the floor  
Slipped through the cracks into nowhere

So tell me where were you  
When everything fell down like thunder  
I begged you to pull me through  
I couldn't get out from under

I took the fall  
I took it all  
Last night was just an illusion

Cut me, I bleed  
Feel me in need  
I finally broke in the pressure

So tell me where were you  
When everything fell down like thunder  
I begged you to pull me through  
I couldn't get out from under

Left me for dead inside my head  
Couldn't you see that I was still breathing?  
Screaming, I reached for you  
I couldn't get out from under

Where were you?  
I reached for you  
The pressure broke me down

Where were you?  
I reached for you  
The pressure broke me

Where were you?  
The pressure broke me  
Where were you?

The pressure broke me  
Where were you?  
I reached for you

Pressure [x3]
