(Verse)

I am right here with you
I couldn't more close
Pretending that I'm in this moment
When I'm only a ghost

(Verse)

I listen to the words you're saying
Words I'm fighting to believe
It's like I'm living from a distance
When you're out of reach

(Pre-Chorus)

I wanna feel it when I mean it when I say it
Can you hear me at all

(Chorus)

And I feel so far away, far away from everything
Outside wondering when I got lost
I threw my arms up in the air, why do I disappear
How can your love be so close
When I'm so far away

(Verse)

Remember when you found me drowning
You put me from the deepest end
I promised that I'll never leave you
Now I'm drowning again

(Verse)

It's killing me with every breath
Witnessing the life I lived
Only you know who I am
I'm reaching out my hand

(Pre-Chorus)

I wanna feel it when I mean it when I say it
Can you hear me at all

(Chorus)

And I feel so far away, far away from everything

Outside wondering when I got lost
I threw my arms up in the air, why do I disappear
How can your love be so close
When I'm so far away

I'm so far away (x5)
Yeee yeeee

(Bridge)
And I don't wanna waste time
Living a half life
Are you listening
Now give it back to me
I remember everything
The way it used to be
Ye give it back to me
Ye give it back to me
I hear your voice
But inside I'm lost

(Chorus)
And I feel so far away, far away from everything
Outside wondering when I got lost
I threw my arms up in the air, why do I disappear
How can your love be so close
When I'm so far away

I'm so far away
I'm so far away
