I be Doing Me like everyday

My jewelry like lemonade

I be doing me like everyday

I gets money like everyday
I told yah

Sippin on goose
Im fin to get loose
Lookin for a hot girl i can get down
Ask about me im running this town

Go DJ go DJ Go
Play the hood shit all the chicks came for
So I can light it up and put it in the air
And I can high like im floatin in the lair

I got my big wheel right outside
I got my strap in the glove and one right outside
If it pop off im ready
But im really tryna take a chick to the Telly
Its moving

I be Doing Me like everyday
you know it
My jewelry like lemonade
I told yah
I be doing me like everyday
you know it
I gets money like everyway
I told yah

[Ross Fortune]

Like ?? say we make it look so easy
Brothers in the game aint eating

So they cheating
The whole New York said give it with beating
No treaty we smoking the rats out
No Vince McMann we gon put the smack down

Shake down you know that we strapped
Best believe that buck boys gon ease back
We just walked in and i barely see that
Pumpin on my butt, rubbing on her butt
Another king magazine wanna be in the club

My jewelry like lemonade
I told yah
I be doing me like everyday
you know it
I gets money like everyway
I told yah
