Dirty Money

So hard to breathe this air that we call love,
Aint nothing worse than the hurt we receive from love,
When you get hurt by the one you living for,
Pain can make you wanna love no more,

Chorus

Loving you no more,
I just I cant I just can't be loving you no more,
I love you more than I love myself,
Loving you no more,
I just I cant I just can't be loving you no more,
I love you more than I love myself

loving you no more...

[Bustah Rhymes Verse]

Shit, sometimes its bug what i come up wit,
To justify the shit that i condone and i put up wit,
Regardless what we go thru it was you i always run wit,
They always say that love can cloud your better since
of judgment,
Despite the way i feel i take a different route,
To comprmise my happiness and try to stick it out,
And though im smiling synically when i hear your
mouth,
Debating on if i should leave or should i kick you out,
But i deal with the situation, for the love of you and the
baby despite the complications,
Its funny when we fuck you love to feel when were
creating,
While the lawyers talk about the child support
modifications,
I smoke a stoge complicating how i breathe, and spit
the bars
In this verse with my emotions worn on my sleeve,
your love was powerful and hard to kill it,
Finally in a comfortable space where im no longer with
it

[Diddy]

Hurt with the heart thats bleeding slowly,
So many lonely sleepless nights,
Im going through hell to convince you love me,
But never her approval no matter how I try,
The way you talk to me but still I say I love you,
I'm ashamed you can see it in my eyes,
Momma always told me to respect the woman,
But what am I to do when her parents do not try,

So many tears I cried,
But all for nothing I'm afraid to say,
Oooooohhh

[Chorus]

Loving you no more,
I just I cant I just can't be loving you no more,
I love you more than I love myself,
Loving you no more,
I just I cant I just can't be loving you no more,
I love you more than I love myself

I've been so dependent on your love for so long,
Punishment for me is trying to let go,
Give it from your heart is what you taught me,
Addiction to pain is what it got me,
My life, now its changed,
My life aint the same as you are,
Heartbroken, to the point sometimes wanna end it,
If I can't have what mean most to me,

So many tears I cried,
But all for nothing I'm afraid to say

[Chorus]

Loving you no more,
I just I cant I just can't be loving you no more,
I love you more than I love myself,
Loving you no more,
I just I cant I just can't be loving you no more,
I love you more than I love myself

Loving you no more...

[Red Cafe Verse]

Love strong word, lotta times i be thinkin its the wrong
word
And ima gangsta rapper, not a song bird
Get money, touch honeys, wut im born for
Since i lost ya, or u lost me, i been bossed up feelin all

saucy

Yea, and all i gotta say, ima be known as the one that
got away

Trust is a funny thing it comes and it goes,
But you should open up to me like a centerfold,
Always on the prime, but you always on my mind,
All the ballers want you, they all fall in line
And i been feelin like a sucka, no lollipop
Throwin ones tryin to motivate your body rock,
Yea its a dirty money thing, so right about now ima let
dirty money sing
What else??

So many tears I cried,
But all for nothing I'm afraid to say

[Chorus]

Loving you no more,
I just I cant I just can't be loving you no more,
I love you more than I love myself,
Loving you no more,
I just I cant I just can't be loving you no more,
I love you more then i love myself

Drake Verse

Uh, trying not to over think
Only cause I've drove and I done had a lot to drink
When I wanted it blue you said we got to paint it pink
And there's pieces of ya hair still sittin in my sink
And you still got underwear that's sittin in the dryer
How come every time that you're suspicious I'm a liar?
You stand out, I can hear you whistle in a choir
And that's the only reason you the Mrs. I admire
Damn. Tell me what I'm gone do
Since everything I'm trying to forget is all true
Me and all your main girls get along too
I would take my last dollar out and bet it on you
But ahhhhh, you see the same one I'm missing
Is basically the reason I became something different
And just that I remember me before
And if you could do the same baby then we'll be for
sure

Dirty Money

So selfishly, you can only show feelings
When you feel your in jeopordy,
All time, all time has changed,
I am no longer willing, cant you see how my heart is
bleeding

all i can saaaaaaay

Jermaine Dupri Verse

I jus, i cant, god damn you got a nigga blown
Damn, plus you act like you dont care if im here or
gone
Say i treat you wrong, but the facts dont,
Come and go as you please, plus get whatever you
want
Long as we been twirkin you aint never get hurtin
Louie this, gucci that, keep a new bourken
But for me on the other hand, cant say the same
Ima player so i guess i got to charge it to the game
But its soo dame lame and fucked up to me
So many nights of holding you n crush when you blew
me (ugh)
I mean blow me, off like Jermaine can we wait until
tomorrow
I gotta get to the hair parlor, n its 6 in the mornin
Aint no energy for me, but everything else you dont
miss a fuckin beat
At 6 in the morning aint no energy for me, and
everything else you dont miss a fuckin beat
