I think I've found the girl I wanna marry, I think I've found the girl I wanna marry, Me and this money, we already married, I just hope the three of us gonna be happy.

I think I've found the girl I wanna marry, I think I've found the girl I wanna marry, Me and this money, we already married, I just hope the three of us gonna be happy.

I think I've found the girl I wanna marry,
Cook up my coat, bag up my Cali,
Big nigger from the big city and we shot like Sandy,
Bad boy might ride 'em, ride 'em in them houdies,
I stumble for no reason, eight year my season,
Air with no ceiling, fuck all your feelings.
Pulled up in a high coop, excuse me, a drop coop,
Told Shawty how I feel and she blew me like hot soup,
Bad out of my game, bitch, these niggers, I bang with,
Royalty, royalty, now we're talking my language.
Raped up, caked up, welcome broad and then blazed
up,
I didn't heard, I changed up and I'm hard, imma
change up,
I'm like

I think I've found the girl I wanna marry, I think I've found the girl I wanna marry, Me and this money, we already married, I just hope the three of us gonna be happy.

I think I've found the girl I wanna marry, I think I've found the girl I wanna marry, Me and this money, we already married, I just hope the three of us gonna be happy.

Everyday I got that money flip, flip, Big out on whatever we call, represent free lip, All these bad ass bitches, they got a name tip, Little on that I survive, now I'll be sick.
Play on, play on, put my hat on, lay down,
You know ain't on, ain't with a ak spray-on,
Play on, play on, put my hat on, lay down,
You know ain't on, ain't with a ak spray-on.

I think I've found the girl I wanna marry, I think I've found the girl I wanna marry, Me and this money, we already married, I just hope the three of us gonna be happy.

I think I've found the girl I wanna marry, I think I've found the girl I wanna marry, Me and this money, we already married, I just hope the three of us gonna be happy.
