Smoke weed every day

Put it in the air

Light it up

... I am knowly

So high I crush the party

So fly

I flush the carty

Spread... on the armani

Big... big wheel

Hold up I am a mother fucker big deal

And my lady would be so chic

Channel louis vuiton make me...

I am the real red

The cool got no top without...

The most elevate it

Cooking up the right boy

Smoke weed every day

Put it in the air

Light it up

Smoke weed every day

Put it in the air

Light it up

Finally the earth come around

... thousand feet I ain't coming down

... now when are you moving with the mafia you are  
running town

... smoking on friday smoking while I am doing number  
on the highway

... money coming I use money to shower

... can I keep me a bitch to push the v for me

Get on her knees for me

Roll weed for me

True shit I am living just like a king

So why

Smoke weed every day

Put it in the air  
Light it up

Smoke weed every day

Put it in the air  
Light it up
