The time has come  
To admit you've won  
Me over again  
How could I pretend?  
I was losing the race  
Your eyes  
Your face

Fuck I'm in deep  
What have you done to me?  
I feel like I'm blind  
Lost in my mind,  
My heart is a maze  
I'll never escape  
I'm trapped in your eyes  
Waiting for my prize

We've been here  
for a few moments  
and already I'm a sweet heart  
Shaking from the cold and excitement  
Hold me closer

Hold me closer  
What's a good excuse?  
Through this silence I'm loving you  
It's you, it's me  
I'm falling asleep  
Only to dream that 'first kiss' again  
Come here pretty one, we're dancing.

The time has come  
For our lips to meet  
And in these moments  
I feel like I'm home  
My heaving chest  
Breathe down your neck  
I hate this silence  
But loving this closeness  
With you  
With me

Please don't speak  
Don't go  
Don't leaveâ€¦

We've been here for a few moments and already I'm a  
sweet heart  
Another moment passes and I'm wishing it back  
So the time will never end  
The touch will continue  
So the time will never pass  
Like a frozen memory of perfection  
Where nothing can get me  
I feel so fragile but your arms will protect me  
To you, to me  
I'm falling asleep  
Only to dream that first kiss again  
Come here pretty one, we're dancing. Till dawn.
