I have never known completeness,
Never heard the still of time,
Until the day that you said,
I was yours and you were mine,
Love me the way I want you to love me,
Let me hear your voice in my head,
Hushing me to sleep at night,
Let me hear your voice in my head,

chorus

Can we stay right here?
Just you and me,
With out all the shouting,
With out all the hating,
Can you take my fear?
And carry it away,
And keep me safe,
And keep me alive?
You are what I've been waiting for,
You are who I've been waiting for,

Verse 2

The way I see myself,
In the reflection of your eyes,
The way I see myself,
I see freedom, clouds and skies,
And I know there are other things
That are important too,
But the best thing that I'm looking at,
Is I see me in love with you,

Chorus
