One kiss is like a thousand hours each time I'm with you  
One touch carries a world of dreams  
A flight to the stars, a trip through the heavens  
It's all for the love of Christine  
It's all for the love of my darling  
It's all for the love of my darling Christine  
It's all for the love of my darling  
It's all for the love of my darling Christine  
I locked the memory of our love inside me forever,  
Even though we will never part  
Like the train needs a track  
To connect two points together  
It's you that I need in my heart  
It's all for the love of my darling  
It's all for the love of my darling Christine  
It's all for the love of my darling  
It's all for the love of my darling Christine  
My darling Christine, on your birthday  
I'd like to give you something that you've never had  
Beside the love that burns like a fire  
I give to you my words and that's the key to my heart  
It's all for the love of my darling  
It's all for the love of my darling Christine  
It's all for the love of my darling  
It's all for the love of my darling Christine  
It's all for the love of (I love you) I love you  
It's all for the love of my darling Christine  
It's all for the love of (forever) forever  
It's all for the love of my darling Christine
