Ooh we know, yes we know now
Ooh we know, yes we know now
You're trying to keep it a secret (why must you try so)
That you found a brand new lover
You're hoping that you will believe it (why must you lie so)
That you both love one another
Everyone's watching you,
Everyone's testing you
Are you sure you're ready,
Ready to marry
Ooh we know, yes we know now
Ooh we know, yes we know now
You know that everyone gossips (a-do you really want to)
You know that we all know
You cannot keep it a secret (do you know, do you know it)
So you're trying to be alone
Everyone's watching you,
Everyone's testing you
Are you sure you're ready,
Ready to marry
Everyone's watching you,
Everyone's testing you
Are you sure you're ready,
Ready to marry
(Ooh we know) Yes we know now
Ooh we know, yes we know now
Ooh we know, yes we know now
Ooh we know, yes we know now
