She wrote in my yearbook, "baby, promise lets stay in touch".

But i know, she knows, i know she didn't.

Maybe we just grew up.

Cuz it's been four years and a whole damn summer and baby, i just gave up.

You lost your shot, your boy, you know it.

Goodnight, goodbye.

And i tell myself not to get too close cuz i trust you'll let me down.

Unless, of course, i beg you to let me down.

I'm sorry girl, i thought of you, and all the things you do to me.

Cuz you lost your shot, your boy, you know it, goodnight, goodbye.

I'm sorry girl, you lost it all.

We had the world, you let it go.

With the hands held, lips-locked, stargazed lovers, goodnight, goodbye.

Well, we've reached the end of this vacation, there's nothing left to feel for you.

I watched and waited, as you vacated.

This love, my love.

You bat your eyelashes, pray to god.

But honesty's not your calling card, and timing's just not your thing, darling.

Girl, you'll never get to me.

I'm sorry girl, i thought of you, and all the things you do to me.

Cuz you lost your shot, your boy you know it, goodnight, goodbye.

Sorry girl, you lost it all.

We had the world, you let it go.

With the hands held, lips-locked, stargazed lovers, goodnight, goodbye.

Cuz you lost your shot. You lost your shot. You lost your
