Theres a word to the king
I knew everything
he thought, thought it out
We are, we are the ones
who find it on your back
and inside you will run away
you're so long shot
Shot
whoooooo
shot
We saw, you know
you will not grow
you'll stay the same
cause, you are you are
in a dream
The money's all gone
but there's something else missing
from inside
the lies
the lies we told
Finds you in the end

So let's make them ride

hold them on tonight

we'll find, we'll find it all

shot

whooo

shot

We saw, you know

you will not grow

you'll stay the same

cause, you are you are

in a dream

Hold it up

Hold it up

Hold it up

Hold it up

Hold it up

Hold it up
