"Whirling Wind"

When you gave to the spy
each salt with his eye
the love in the hills
and the rain in the sky
like a bird you wondered why
they walk on ground
you know too much to die
to die
With a final say
you have today
to mingle on
don't fly away
this is all they say to you
You know it's true
give birth today, so new
so new
You want it right
I think you'll find it out tonight
You don't know the reason why
The whirling wind
the trees all bend

The dawn by the sea
and you feel suddenly
it was all a storm i guess
this emptiness you find
will leave you green
you green
