If I'd die today I wrote this song to let you know I love  
you so  
Always on my mind even though I'm always on the go  
I wish the best for you and I always want you to try your  
best  
May god bless your journey do all out your lifes quest  
Life quest oh yeah  
May god bless your journey do all out your lifes quest  
Life quest ohh

Chorus:

I only know what I do best  
Give it my all and nothing less  
I get it in with no regrets  
I'm on a journey to life's quest  
I'm ever do my home girl  
What don't kills me makes me strong girl  
There it is in life you choose to do  
We got the shit journey bruise like this

If I'd die today I wrote this song to let you know I love  
you so  
Always on my mind even though I'm always on the go  
Money is so important to me 'cause all we tryin to get it  
It hurt me when you leave some and I can't just go and  
get it  
Crazy how I used to be so reckless before I was with me  
Taking near pay for granted even being young and  
gifted  
Then you said he get... get lazy he was going first  
Came out looking just like me I can see his face while  
I'm writing this verse  
I was on tour and I will forget it  
The sun is summer day my... was pulled up in Memphis  
Rolling with DJ rizzle... got a call on my phone  
Pulled up at the hospital just the time to see you fun  
Got them blank is time to little brown baby smile  
And now I know you're growing up  
And I will always make you happy  
But I want the best for you and I always want you to try  
your best

May God bless your journey do all your lifes quest

Chorus:

I only know what I do best  
Give it my all and nothing less  
I get it in with no regrets  
I'm on a journey to life's quest  
I'm ever do my home girl  
But what don't kill me makes me strong girl  
There it is in life you choose to do  
We got the shit journey bruise like this

If I die today I wrote this song to let you know  
I love you so, always on my mind even though I'm  
always on the go  
Listen I ain't have no daddy but there's common where  
we come from  
I said I'll be the greatest and if one day I ever become  
one  
Look out it I know you try to hard but life is hard  
You just pay quick and was stuck and hard  
Man you gotta help hard  
And I know you got it in 'cause you remind me of  
myself  
And you look just like me but on the inside what I'm  
talking bout  
Nad Leyla my only lady please respect yourself  
Know the heaven baby ain't the only way to share your  
love  
And I know my music may confusion but you gotta be  
strong  
My life a mirror and reflections come out in my song  
And told you, you just a baby young and innocent  
When your mama tried I know I gave a hundred and  
10%  
But I want the best for you and I always want you to try  
your best  
And God bless your journey do all your lifes quest

[Chorus:]

If I'd die today I wrote this song to let you know I love  
you so  
Always on my mind even though I'm always on the go  
I wish the best for you and I always want you to try your  
best  
May god bless your journey do all out your lifes quest  
Life quest oh yeah  
May god bless your journey do all out your lifes quest  
Life quest ohh
