This is my time
A send off to you
Separate lies from the truth
How I'd run to you
And believed I was safe in your hold
Now I see through you
As I let go

I'm flying forward
Above the past
Into who I am
Soar above the skies
Flying forward
I see the path
I know what lies ahead
And I'm never going back again

When the rain begins
I don't have to fall
And if the storm rolls in
I can dance through it all
The sweet surrender
Of a heart
Being set free
And I remember where
I want to be

Flying forward
Above the past
Into who I am
Soar above the skies
Flying forward
I see the path
I know what lies ahead
And I'm never going back again

And I won't look away
From where I've been
Cause I've learned from my mistakes
I am changed
I am changed

Ohh
No Im never holding back again
No Im never going back again

Flying forward
Above the past into who I am
Soar above the skies
Flying forward
I see the path
I know what lies ahead
Flying forward
Flying forward
Oh Im flying
Said Im flying

And Im never going back again
No Im never going back again
