You were Juliet and I was into you
And I asked you out 'til you couldn't say no
And you finally felt it too
I drove you down the boulevard
That's where you took my heart
And you gave me yours instead
And every day you find new ways to be beautiful

You laugh at the garden that we grow in the lawn
Drink coffee in the kitchen with no makeup on
Sing all the wrong words to my favorite songs
You're beautiful and that's beautiful

You got lines on your face from sleepin' on me
Call me at work 'cause you lost your key
Go to buy a dog and you come home with three
You're beautiful and that's beautiful to me
Yeah

You turn every head when you walk into a room
But your kindness and your sweetened soul lingers like
perfume
Babe, you coulda gone with Romeo but you let him go
And you stayed with me instead
And every day I find new ways that make you beautiful

You say, "honey give me roses, but don't buy red"
You need 46 pillows all over the bed
Guess every punchline before it's said
You're beautiful and that's beautiful

What you doin' with a guy like me?
You're so cool and I'm high tea
I don't deserve to have a girl as beautiful as you

Yeah you laugh at the garden that we grow in the lawn
Drink coffee in the kitchen with no makeup on
Sing all the wrong words to my favorite songs
You're beautiful and that's beautiful

You got lines on your face from sleepin' on me

Call me at work 'cause you lost your key
You go to buy a dog and you come home with three
You're beautiful and that's beautiful to me
You're so beautiful and that's beautiful to me
