Somewhere Tonight, I hope she's Getting treated right  
I Know she likes a nice red wine, but it's been so long  
since I,  
Had a chance to know her, Had a chance to hold her  
Because I never did, When I Had the Chance

I Wish I could Love Her, Without her leaving,  
I wish I could pay attention more, Without her walking  
out the door  
I wish I could want her, Like I do now That she's Gone  
Wish I could give her all the love, She left here  
dreaming of someday recieving,  
Without Her Leaving

And Still I don't know why, I fall in love at goodbye  
Her only Crime with me was, Spending time with me  
'Cause She wanted to hold me, She wasn't trying to  
control me  
And only when she'd walked away, Would I begin the  
Dance?

I Wish I could Love Her, Without her leaving,  
I wish I could pay attention more, Without her walking  
out the door  
I wish I could want her, Like I do now That she's Gone  
Wish I could give her all the love, She left here  
dreaming of someday recieving,  
Without Her Leaving

She MUst have tried a hundred times, and I saw her cry  
so many more  
Gone When You're here, Here when You're gone I Can't  
Be Both It's Either or

I Wish I could Love Her, Without her leaving,  
That I could've pay attention more, She'd be walking in  
this door  
I wish I could want her, Like I do now that she's Gone  
Wish I could give her all the love, She's getting plenty  
of this evening  
That I Couldn't give her
