hello
hello to you from
i'm trapped in an open room alone with my echo now
everything i've held on to i must learn to let go
somehow
it's almost like the perfect picture you and i painted
is turning to graffiti and the colour is fading (oh)
so tell me i'm not crazy for playing mr. fix it for so long
you know that i've been carrying the weight of the
world on my shoulders
now you're telling me that it's not over

hello world i'm looking for love
if anyone sees her tell her i say what's up
(?) only 12 miles away
but i'm on a new track, got no time to look back
hello to the world

i wonder if you're missing me now that i'm gone (oh i)
you use to be my everything but obviously i wasn't
what you wanted, thought i had it in the bank
(?) are you searching for what i should of had
so tell me i'm not crazy for playing mr. fix it for so long
you know that i've been carrying the weight of the
world on my shoulders
now you're telling me that it's not over

hello world i'm looking for love
if anyone sees her tell her i say what's up
(?) only 12 miles away
but i'm on a new track, got no time to look back
hello to the world
sitting in an open room, everything i've held on to
it's like the picture that you and i painted
has turned into graffiti and the colour is faded

hello world i'm looking for love
if anyone sees her tell her i say what's up
(?) only 12 miles away
but i'm on a new track, got no time to look back
hello to the world

hello world i'm looking for love
if anyone sees her tell her i say what's up
(?) only 12 miles away
but i'm on a new track, got no time to look back
hello to the world
