Summer's changing baby,
All the light is changing too,
Can't you see'
Feels like all the colors of emotion shine on through,
Even if we try,
Ooh, it gets me high drifting through the light,
Endless miles I'll drive,
Trying to make it right.

I keep on holding on, waiting for the sun,
I keep on holding on, waiting for the light,
I keep on holding on, waiting for the sun,
I keep on holding on, yeah, yeah, yeah, ooh, ooh.

Coming down I feel vibrations sweetly sing my soul,
To a new day,
Let it flow,
Let the soft sound glow inside my mind,
Things I'll never know.

Ooh, it brings me down,
Drifting through the light,
Endless miles I drive,
Trying to make it right.

I keep on holding on, waiting for the sun,
I keep on holding on, waiting for the light,
I keep on holding on, waiting for the sun,
I keep on holding on, yeah, yeah, yeah, ooh, ooh.

Let it come down honey,
Everyone has gone,
Leave it behind.

Ohh, it brings me down,
Drifting through the light,
Endless miles I drive,
Trying to make it right.

I keep on holding on, waiting for the sun,
I keep on holding on, waiting for the light,

I keep on holding on, waiting for the sun,
I keep on holding on, yeah, yeah, yeah, ooh, ooh
