### "The Truth"

Tell me the truth and I'll tell you lies, oh-oh-ohhh  
Don't be confused by my big disguise, oh-oh-oh

'Cause I walk away  
While you will just stay  
In love

Tell me the truth and I'll tell you lies  
Don't be surprised when you realize, oh-oh-oh

That I never meant to stay  
And you made a big mistake  
To fall

Tell me the truth, I won't tell you lies  
How does it feel to be left behind? oh-oh-oh

'Cause I wouldn't walk away  
If you were to change your ways  
My love
