Send a wish upon a star  
Do the work and you'll go far  
Send a wish upon a star  
Make a map and there you are

Send a hope upon a wave  
A dying wish before the grave  
Send a hope upon a wave  
For all this souls you failed to save

And you stood tall  
Now you will fall  
Don't break the spell  
Of a life spent trying to do well  
And you stood tall  
Now you will fall  
Don't break the spell  
Of a life spent trying to do well

Send a question in the wind  
It's hard to know where to begin

So send the question in the wind  
And give an answer to a friend

Place your past into a book  
Put in everything you ever took  
Place your past into a book  
Burn the pages let them cook

And you stood tall  
Now you will fall  
Don't break the spell  
Of a life spent trying to do well  
And you stood tall  
Now you will fall  
Don't break the spell  
Of a life spent trying to do well

Repeat chorus

Send a wish upon a star  
Send a wish upon a star
