When the convicts arrived in Australia  
The soldiers didn't have a lot to do  
So for entertainment they made the convicts dance  
While the soldiers piped a tune

It was the British domination quickstep  
Quick step up your work, listen to the beat  
They've got the power in their hands  
And the load off their feet

100 years later, the governor was still on his seat  
The peopl were farming and mining  
The cockies ate the chaff  
While the squatters ate the wheat

Two World Wars later, Rule Britannia began to die  
Pig Iron Bob rocked the cradle  
Yankee Doodle was the nation's lullaby

It's the yankee domination quickstep  
Quick step up your work, listen to the beat  
They've got the power in their hands  
And the load off their feet

It's now the foreign domination quickstep  
Quick step up your work, listen to the beat  
They've got the power in their hands  
And the load off their feet
