Can't talk gotta work
I don't give a shit about american idol
Not tryin' to be a jerk
I just don't give a shit about the clothes
That your dog likes to wear
Or the place that you got your hair done
Why can't you understand that I just don't care?

Please god make it stop
I just can't take another dead end talk
To you about your dog
And how you had to take him
Back to the vet last week and what they said
Is that he's got cancer in the head
It's too bad it's too sad that I don't care

No time for small talk
No time for bullshit
No time to listen to you whine about your grandkids
No time to grab a chair
No time to sit and chat
No time to break a baseball bat

Across your kneecaps

(Jj and con talk it out)

One more word
And I'm going to take the fucking stapler
One more word

Keep on talking what could happen to you
Keep on talking
What could happen? fuck you

I'll staple your eyes shut
I'll staple your mouth shut
I'll staple your face shut
Don't talk to me

I'll staple your eyes shut

I'll staple your mouth shut
I'll staple your face shut
Don't talk to me

Can't talk gotta work
Don't give a shit about american idol
Not tryin' to be a jerk I just don't care
Not tryin' to be a jerk I just don't care
Not tryin' to be a jerk I just don't care
Anymore
