July 4th, shoot a firework
July 4th, shoot a gun
July 4th, drink a 30 pack
July 4th, so much fun

July 4th, homemade fireworks
July 4th, shoot or die
July 4th, call an ambulance
July 4th, Jesus Christ

You're best friend's in the hospital

Third degree burns all across his head
The doctors tried to save him
But he's already dead

July 4th, everything is fucked
July 5th, the day passed
July 9th is the funeral
July 4th, never take it back
He died in the hospital
