The first time that you told a joke about your girlfriend  
Was how you were going to eat her out  
But you needed a Tic Tac first

Martin Lawrence  
You're funny and black  
Martin Lawrence  
Rockin' out with the Chinese mustache  
You're not in men in black  
That was Will Smith

When you say Eddie Murphy, I say fuck you  
When people say Eddie Murphy, I say fuck you  
He's not that good in a fat suit like you

Martin Lawrence  
You're funny and black  
Martin Lawrence  
Black Knight is the best movie ever
