"Pacman"

Visit "[Pacman](#)" on MotoLyrics.com

Let's play, gobble gobble burp burp
Let's play, let's play
I wake up and I wanna play Pacman
I go to bed and I dream in Pacman
Want to go to church? Fuck you
I've got to stay home, I've got ghosts to chew
Let's play, woah-oh-oh
Let's play, let's play
There's all these ghosts all over the place
And I need to get like a million points to eat them
And every once in a while
There's this big fucking thing like a french fry
Let's play, Woah-oh-oh
Let's play, let's play
My grandma died, but I never cried
God had a power pellet and then he probably ate her
Ate her, ate her, then he probably ate her
Ate her, ate her, because that's what I would do if I was
God
