i feel the rain fall  
down my back  
i'm going back  
to my place of work  
to get things done  
to get them right  
but i'll mess them up  
and i always do  
buried in words about you  
this year, oh what a year  
i layed around  
just feeling down  
and from our happy room  
i watched the seasons as they flew  
and then when christmas came  
i layed my head to rest in chains

cause with my finished work  
i turn my head back  
still didn't work  
and i put it to bed  
you often swore to find me dead  
too many times enough  
to start again  
to give it up  
and then the morning came  
til i felt day  
til i'm awake  
cause with my finished work  
i turn my head back  
still didn't work  
i feel the rain fall  
down my back  
i'm going back
