I went as far as losing sleep  
I went as far as messing up my life  
Unloving still strike me difference  
A million miles away from home  
And fifteen from a pay phone

We reach out lonely on the sand  
We reach out lonely on the sand  
We reach out lonely on the sand  
We reach out lonely on the sand

You're ten years older  
And translate Japanese to English  
And English to Japanese

It's not that simple  
This dictionary  
Never has a word  
For the way I'm feeling

And it's nothing blame for me  
Of a different dial and moral  
What if I laid my head down on your stomach  
And put my mouth to your hand

I cannot translate Japanese to English  
Or English to Japanese

What I had to say is unsaid  
What I had to do is undone  
And if it was to hurt us  
I'm sure it would not kill our hour

We reach out lonely on the sand  
We reach out lonely on the sand  
We reach out lonely on the sand  
We reach out lonely on the sand

Above the water the awful gray  
Our current from Japan  
Didn't sweep away
