

HeyMike!

"Always"

I wake up,
Feeling reckless today,
And I've changed from the very fears
That plague along the way.

I'm revived,
Never been so alive,
I'll take on any season
That's displeasing to my life.

I'm not stuck...
In an instant, I'll move up.

Always,
Alive and awake,
I'll come back again.
Always,
My little band plays on and off again.

Can't fall down,
I know this from the sound.
In a year's time, the stereo is still where the heart is
found.

I'm not stuck...
In an instant, I'll move up.

Always,
Alive and awake,
I'll come back again.
Always,
My little band plays on and off again.

I'll make my own maps and drawing boards,
With only half stacks and power chords.
I'll open up this concert with a melody.
Your disapproval's been in mature.
Your mouth infected with blind chatter burns.
Cause I'm no punching bag don't take it out on me.

Always,

Alive and awake,
I'll come back again.
My little band plays on and off again.

Always,
Alive and awake,
I'll come back again.
Always,
My little band plays on and off again.

I wake up,
Feeling reckless today,
And I've changed from the very fears
That plague along the way
Everything's okay.
