I've been taking notes on girls like you  
So I can see right through  
Get ready for the longest night of your life  
If that's what you wanna do  
In this hotel room  
You're gonna love me for the rest of you life  
And one of the longest nights  
And one of the longest nights  
One of the longest nights

All of the sleepless nights  
That you know you liked  
The kind that money just  
Could never buy  
And all of the fucking lies  
The kind that got us guys  
In between your thighs  
The kind of lies  
That got me between your thighs  
And all of the sleepless nights  
The kind that money just  
Could never buy

You've given this a lot of thought  
So you don't turn out like the rest  
You won't give it to me on the first night  
But you'll sleep on it  
And you sleep in your dress  
I will always be the last one to laugh  
Because I was barely honest  
Cause I was barely honest

All of the sleepless nights  
That you know you liked  
The kind that money just  
Could never buy  
And all of the fucking lies  
The kind that got us guys  
In between your thighs  
The kind of lies  
That got me between your thighs  
And all of the sleepless nights

The kind that money just  
Could never buy

Your scene rumors  
A bunch of fucking lies  
All collect like interest  
But decrease with time  
You scene whores  
You're gonna fucking die  
Oh you spread like rabbits  
But you fuck like mice

You scene whores  
You're gonna fucking die  
Oh you spread like rabbits  
But you fuck like mice

All of the sleepless nights  
That you know you liked  
The kind that money just  
Could never buy  
And all of the fucking lies  
The kind that got us guys  
In between your thighs  
The kind of lies  
That got me between your thighs  
And all of the sleepless nights  
The kind that men like

I don't wanna hear your name  
See your face  
You were just one fuck  
A fucking mistake  
Hear your name  
See your face  
Oh Christina girl just get the fuck  
Out of this place

I don't wanna hear your name  
See your face  
You were just one fuck  
A fucking mistake  
Hear your name  
See your face  
Oh Christina girl just get the fuck  
Out of this place

You're such a whore  
A mistake  
I wish I hadn't have made  
Christina girl, come on

You'll never be Yvonne
