Face to face  
my lovely foe  
Mouth to mouth  
raining heaven's blows  
Hand on heart  
tic tac toe  
Under the stars  
naked as we flow  
Cheek to cheek  
the bitter sweet  
Commit your crime in your deadly time

Commit your crime in your deadly time  
It's too divine  
I want to bend  
I want this bliss but something says I must resist

Another life  
another time  
We're Siamese twins writhing intertwined  
Face to face  
no telling lies  
The masks they slide to reveal a new disguise

You never can win  
it's the state I'm in  
This danger thrills and my conflict kills  
They say follow your heart  
follow it through  
But how can you  
when you're split in two?

And you'll never know  
You'll never know

One more kiss  
before we die  
Face to face  
and dream of flying  
Who are you?  
who am I?

Wind in wings  
two angels falling  
To die like this  
with a last kiss  
It's falsehood's flame  
it's a crying shame  
Face to face  
the passions breathe  
I hate to stay but then I hate to play

And you'll never know  
You'll never know . . .
