"Hold On"

hear a voice an endless summer she rides a setting
sun
all eyes and liwuid laughter from a love i can't outrun
just when you think you've won her she'll slip right
through your hands
she'll burn your heart to ashes like shifting desert
sands
but i remember late last september when i surrendered
my life
hold on hold on to me
shipwreck the ocean currents pull time across the sea
all hands were stopping clocks that ticked you away
from me
two doors chose the other i fell into an endless void
pitch black no self no surface
only dissapearing boy
but i remmeber late last september when i surrendered
my life
hold on hold on to me
take my hand and run with me in my heart you'll always
be
will heart and soul prevail and watch over me
