Hey there Beautiful Girl
Come sit next to me
Talking about your life
& your friends and family
I wish we could
Leave this place
Lay in bed
And lay forever

So won't you
Please show me some affection
Please show me that you care
Please show me that your there
Beautiful Girl wont you
Please show me some affection
Please show me that you care
Please show me that your there
Beautiful Girl

I look in your eyes
You look in mine
I can see you care
As your standing there
Turn away or look down on me
Walk away or stay here with me
Either way forever
Will be you and me

Beautiful Girl
Won't you
Please show me some affection
Please show me that you care
Please show me that your there
Beautiful Girl wont you
Please show me some affection
Please show me that you care
Please show me that your there
BEAUTIFUL GIRL

Please show me some affection
Please show me that you care

Please show me that your there
Beautiful Girl
