Of all the boys I've known and I've known some
Till I first met you I was lonesome
But when you came in sight
Dear my heart grew light
And this old world seemed new to me
Seemed new to me
Seemed new to me
So I will try to explain all the things you do to me
Bei mir bist du schoen
Let me explain
Bei mir bist du schoen means your grand
Bei mir bist du schoen
Please let me explain
It means you're the fairest in the land
I could say bella, bella
Or I could say wunderbar
Each language only helps me tell you how grand you
are
Bei mir bist du schoen
Let me explain
Kiss me
And understand
...Bei mir bist du schoen means you're grand...
...It means you're the fairest in the land...
I could say wunderbar
Each language only helps me tell you how grand you
are
Bei mir bist du schoen
Let me explain
Kiss me,
And understand
I could say bella, bella
Or I could say wunderbar
Each language only helps me tell you how grand you
are
Bei mir bist du schoen
Let me explain
Kiss me,
And understand
