Through the cables and the underground now  
The faceless breathless calls  
This is Babel, sensurround now  
This place is death with walls [repeat x4]

Too much contact, no more feeling  
The Sound around them all  
Acid on the floor so she walk on the ceiling  
And the body electric flashes on the bathroom wall  
[repeat x2]  
Crawling to the corners where the idiot children call  
See the body flashing on the bathroom wall

[repeat all]  
Colours

You reap what you sow  
Put your face to the ground  
Here come the marching men  
Your colours wrapped around
