She got red eyes  
She wear dust  
I went over over over  
I went bust  
I kissed I kissed the carpet  
I climbed the curtain  
(I was sure there)  
I was certain  
And I said yeah  
Yeah

She got red eyes  
She wear dust  
I went over over over  
I went bust  
I kissed I kissed the carpet  
I climbed the curtain  
(i was sure there)  
I was certain  
But I said  
Next Time I look before I  
Next time the carpet  
Next time I look before I  
Kiss the carpet should I  
Kiss  
Kiss  
Kiss
