From England in the morning  
I haven't slept for days  
I haven't kept the promise made  
And I know the world is cold  
But that if you hold on tight to what you find  
You might not mind too much  
Though even this must pass away  
And memories may last for years  
But names are just for souvenirs  
Let me look into your eyes  
And I don't care what you're called  
Tell me later if at all  
I can wait a long, long time before I hear another  
lovesong  
Don't give me whys and wherefores  
Reason for surprise  
I don't care for words that don't belong

Come here  
I think you're beautiful  
My door is open wide  
Some kind of stranger come inside  
I think you're beautiful  
I think you're beautiful  
I think you're beautiful  
Angel come inside  
I think you're beautiful  
My door is open wide  
Some kind of stranger come inside  
I think you're beautiful  
My door is open wide  
Some kind of stranger come inside  
I think you're beautiful  
My door is open wide  
Some kind of stranger come inside  
Yeah, I think you're beautiful  
My door is open wide  
Some kind of stranger come inside  
I think, I think you're beautiful  
Some kind of stranger come inside  
I think you're beautiful

My door is open wide  
Some kind of stranger come inside  
Come here  
I think you're beautiful  
I think you're beautiful  
Some kind of stranger come inside  
Come here  
I think you're beautiful  
Come here  
I think you're beautiful  
Come here  
I think you're beautiful  
Angel come inside  
I think you're beautiful  
I think you're beautiful  
Some kind of angel come inside  
Come here  
I think you're beautiful  
My door is open wide  
Some kind of stranger come inside  
Come here  
I think you're beautiful  
I think you're beautiful, beautiful  
Some kind of angel come inside  
Come here  
I think you're beautiful  
My door is open wide  
Some kind of angel come inside  
Come here  
I think you're beautiful  
I think you're beautiful, beautiful  
Some kind of stranger come inside
