"Still"

You didn't say it made a difference
You didn't say you want me to
You didn't hear it as I hear it
And what you did was up to you

Still - if it makes you happy
Still - if it makes you glad
Still - if it makes you happy
It makes me bad

Your real has to be what you can't disprove
And you can't retake the move
And if one day you could feel you could be wrong
...I still can't write this song

Still - if it makes you happy
Still - if it makes you glad
Still - if it makes you happy
It makes me bad
