Last night I dreamt you called from Costa Rica
Yeah the place you've been for the last two weeks
You said, "I miss you, oh sweet boy, and will you come
on down?"
I woke up to my cold sheets and the smell of New
Jersey
When do I get to wake up to you?
Tonight I can't forget that I've got these open wounds
It's such a drag
I can't forget you've gone
My ribs have parted ways
They said, "We're not going to protect this heart you
have."

Oh hey, what can I do?
My lungs are breathing open air
And my spleen is dripping from my pants
Oh hey, what can I do?
You've left me here in the cold
And I miss you

You never told me it would be this hard
I think my body's saying so
When you're not here it's got to go
It's leaving me
But I hope that you're o.k.
Even though I'm dying
I hope that you're still trying
To have a killer time
Go see the volcanoes
Go see the rain forests
I'll be fine by myself
I'll be fine without these bones.

Oh hey, what can I do?
My lungs are breathing open air
And my spleen is dripping from my pants
Oh hey, what can I do?
You've left me here in the cold
And I miss you
