(Pre Chorus)

I know you love me but you know that sometimes
feelings change
It's not how it's suppose to go but life just has it's ways
Didn't really want to let you go
But I really have to let you know
No one is going to do the things I did for you Like I Do...

(Chorus x2)

Make you smile (Like I Do)
Make you laugh (Like I Do)
Kiss your lips (Like I Do)
Hold your hand (Like I Do)

(Verse 1)

You know my heart goes low
Every time I think about this girl
Can't believe it's deceiving
Really, try to feel this feeling
But every now and then I think of you
And the secrets me and you just knew
Trying to forget, trying to move on
But my life is complicated
Losing you was hard I hate it
But we chose to end like this
With a kiss, didn't miss
All the things you put me through
Fuck I wish you only knew
That I did it all for you
(Cause I did it all for you)
But I noticed there was something strange
As if my love was something useless and you had to
change
You started acting like you didn't need me anymore
Time after time you chose to fight your battles all
alone...

(Pre Chorus)

I know you love me but you know that sometimes
feelings change
It's not how it's suppose to go but life just has it's ways

Didn't really want to let you go
But I really have to let you know
No one is going to do the things I did for you Like I Do...

(Chorus x2)

Make you smile (Like I Do)
Make you laugh (Like I Do)
Kiss your lips (Like I Do)
Hold your hand (Like I Do)

(Verse 2)

I was always there for you
Even after all the shit that you put me through
How am I going to say that I don't want you
Cause I see you're in love and we know that's true
Even when you looked me in the eyes
Baby one more time let me try
Close your eyes and start to dream
Of all the places and the things you could have seen
You know that I tried, for us
But when you lied I guess I lost that trust
But tell me what am I suppose to do
When the only thing I think about is you
Did you forget all the things I did for you
But fuck that what am I suppose to do
I'm done looking for someone who won't change
Even though you say you love me girl, how strange...

(Pre Chorus)

I know you love me but you know that sometimes
feelings change
It's not how it's suppose to go but life just has it's ways
Didn't really want to let you go
But I really have to let you know
No one is going to do the things I did for you Like I Do...

(Chorus x2)

Make you smile (Like I Do)
Make you laugh (Like I Do)
Kiss your lips (Like I Do)
Hold your hand (Like I Do)
