Baby please don't walk away  
Baby please don't walk away from me  
Oh no  
Don't walk away from me

Baby please don't walk away  
Baby please don't walk away from me  
Don't walk away, walk away  
Don't walk away, walk away

(Verse 1)

What would happen if I told you  
That it's been so long since I've liked you  
I know we're friends, but it's been too long  
Not telling you, would be so wrong  
I'd watch you go, then I'd hate to see  
You with someone else, that's the end of me  
Every now and then, I'll look for you  
I hope I'll find you looking for me too

But nothing comes up when were standing face to face  
A swear a kiss from you would take me out to outer  
space  
(Don't go, don't go, don't go)  
Oh girl, this I need you to know...

(Verse 2)

We've known each other for the longest time  
And top to bottom she's so sweet and fine  
I know she likes me cause she's always down with me  
Like if I smile she will always smile back at me  
Feelings inside me that I can't contain  
I want to tell her but I must refrain  
Don't want to ruin something that has lasted long  
That's why keep this secret in me but I write this song

But nothing comes up when were standing face to face  
A swear a kiss from you would take me out to outer  
space  
(Don't go, don't go, don't go)  
Oh girl, this I need you to know...

And every time I walk away from you  
I feel like there's nothing I can do  
(Don't go, don't go, oh)  
This I need you to know...

Baby please don't walk away  
Baby please don't walk away from me  
Oh no  
Don't walk away from me

Baby please don't walk away  
Baby please don't walk away from me  
Don't walk away, walk away  
Don't walk away, walk away,  
Don't walk away from me

And every time I walk away from you  
I feel like there's nothing I can do  
(Don't go, don't go, oh)  
This I need you to know...

(Guitar Solo)
