ali\* is a name of a boy

make me hear the ud highly,repeat again again,repeat again

keep playing ,play ,and keep giving me the tone

the tone is right,what's better than speaking?

the tone is getting getting into my heart

it's gathering these people on this sound of the cord

your cord is sensitive ,stop teasing the cord

you affected them a lot ,repeat it again ,repeat it again

play hard,play and awaken all the people

the night is not for the sleep,it's for staying up

you're the player,you're the one with the taste ,so let us hear
