I wonder if you and your heart are ready to fall in love  
with me  
And if you asked me to wait to say the same, then I can  
do with that.  
And I'll be here for you when you're ready just to let you  
know.  
But you have my heart already n I can't let you go

Clearly we have somethin' special here  
And I wont stop following my heart  
Cause it got me this far and I love who you are

I can't stop thinkin' 'bout ya  
Don't wanna be without ya  
You're what I look forward to  
Each and every day  
Every moment with you makes me feel so brand new  
I just can't stop thinkin' bout ya  
I wanna let (strum pause) you know I love youuu

I just can't keep this to myself, I need let it out!  
Boy you do something to me that makes me sing out  
loud  
You seem like Mr. PERFECT - I needa tell you how I feel  
And I don't know what you will say, but it feels so real.

Clearly we have somethin' special here  
And I wont stop following my heart  
Cause it got me this far and I love who you are

I can't stop thinkin' bout ya  
Don't wanna be without ya  
You're what I look forward to  
Each and every day  
Every moment with you makes me feel so brand new  
I just can't stop thinkin' bout ya  
I wanna let (strum pause) you know I love youuu

And I met you just in time  
No matter where I am you'll be mine

And I met you just in time

No matter where I am you'll be mine

I can't stop thinkin' bout ya  
Don't wanna be without ya  
You're what I look forward to  
Each and every day  
Every moment with you makes me feel so brand new  
I just can't stop thinkin' bout ya  
I wanna let (strum pause) you know I love youuu

I can't stop thinkin' bout ya  
Don't wanna be without ya  
You're what I look forward to  
Each and every day  
Every moment with you makes me feel so brand new  
I just can't stop thinkin' bout ya  
I wanna let (strum pause) you know I love youuu
